

CCMC Committee

Approved Courses for Recertification Credit

As of: Saturday, October 7, 2023

NOTE: The list below is a listing of courses approved by the CCMC Committee for recertification credit hours.

This list will be updated as more courses are approved. The Committee recommends that all CCMC designees check this list frequently, and that all CCMC designees check this list before registering for any workshops or courses.

If a workshop or course is not listed, you may request that it be considered for recertification hours by emailing the CCMC Committee at: ccmchair@gmail.com

When submitting a course to the committee for credit hour consideration, please remember, the course must be relevant to revenue collection office work. In addition, the fees charged for workshops does not determine its relevance to revenue collection office work. A workshop with a very high fee does not necessarily mean it will be approved, while a workshop with a very low fee, or no fee at all does not necessarily mean it will not be approved.

If you take the exact same workshop more than once during the same recertification period, you may only use it one time for recertification. This includes workshops on the same topic from different organizations (for example if you take a workshop on sexual harassment for supervisors from two different organizations, you may only count it once).

You may take workshops about the same topic more than once during the same recertification period, if each workshop contains updated or new information.

The number of approved hours might be less than the total hours of the workshop, please be sure you are aware of the approved hours.

Remember, you may only count workshops or courses taken during the five year period before your recertification date, courses more than five years old cannot be considered.

Course or workshop instructors may only use a course or workshop they instruct one time per cycle, they cannot use the same course or workshop multiple times in a cycle.

The CCMC Committee makes the determination regarding approval for recertification approvals.

NOTE: As of 2023, CIRMA is using a third part- Vector, to administer its courses and workshops. As a result the approved CIRMA workshops are not longer offered as 2023. These workshops are still approved for those who took them prior to the changeover to Vector. Anyone taking a workshop through Vector will have to submit an approval request for that specific workshop.

# Approved Workshop	Sponsoring Organization	Years	Hours
1 Best Practices and Policies for Cashiers and Supervisors	Public Treasury Insitute	Years 2021 and earlier	3.00
2 Sexual Harrassment Prevention Training	CT Commission on Human Rights and Opportunities	Years 2021 and earlier	2.00
